

WEEKLY REPORT and MEETING AGENDA

Report #: 5 Project Name: Resol
Date: 03/09/2022 Prepared by: Anu Khatri

Agenda for the weekly meeting

1. What is needed for the CDR presentation?
2. Is there a template for the CDR Report that we can use?
3. Should we aim for the on-chain transactions after the CDR?

Accomplishments during this period

1. Able to send and confirm transactions on Jupiter, but had to abandon due to not being able to send our own instructions
2. Set up Orca to be able to send and confirm transactions using our own Solana instructions
3. Added Orca pricing to the price monitoring module
4. Set up a price notification on chain
5. Contacted Raydium to see if documentation can be found to build our own transaction instruction

Plans for next period

1. Send and confirm transactions on Raydium
2. Integrate the monitoring and buying modules for CDR

Project management status

1. Schedule and milestones - hitting all goals
2. Teamwork - team is working well together with even distribution of work is and making progress
3. Purchases - none so far

Minutes from previous meeting

1. Try Orca instead of Raydium or Mango
2. Contact Raydium on their documentation
3. Need to look at Serum again, anchor project - framework that lets you write smart contracts, so use for on chain program
4. Use mango-client-v3 as basis

A large, empty rectangular box with a thin black border, occupying the upper two-thirds of the page. It is intended for the student to write their weekly report.

Weekly Report Form. CSCE 482
